Preparing the Attestation of Compliance with the [Broader Public Sector Accountability Act, 2010](#)

Reporting period: **April 1, 2022 to March 31, 2023**

The Board of Directors has the responsibility to ensure the organization complies with all legislation and regulations, including the *Broader Public Sector Accountability Act, 2010*, and the Procurement, Expenses, Perquisites, and Business Documents Directives.

The Attestation Form sets out **thirteen** (13) requirements and requires the organization to:

- attest that it has complied with each of the **thirteen** (13) requirements; or
- if not in compliance, to report corrective actions that will bring the organization into compliance **by March 31, 2024**.

This guideline outlines some of the activities the Board members could undertake to fulfill their role of managerial oversight related to the attestation process. The activities numbered below match the numbering of the criteria listed on the Attestation Form.

Lobbyists

1. Obtain written confirmation from the Chief Executive Officer that the organization has not engaged a lobbyist to provide services from funds provided by the Province of Ontario.

Procurement

2. Obtain a copy of the organization's formal procurement policy that adopts the Supply Chain Code of Ethics found in the Broader Public Sector Procurement Directive, with the date the policy was approved by the Board. The Code does not supersede codes of ethics that the organization has in place but supplements such code with supply chain-specific standards of practice.
3. Locate the organization's procurement policy which aligns with the Ontario Broader Public Sector Supply Chain Code of Ethics and ensure it is made available to all members of the organization, suppliers and stakeholders.
4. Obtain written confirmation from the Chief Executive Officer that the organization has maintained procurement policies that embody the 25 mandatory requirements of Broader Public Sector Procurement Directive: Segregation of Duties; Approval Authority; Competitive Procurement Thresholds; Information Gathering; Supplier Pre-Qualification; Posting Competitive Procurement Documents; Timelines for Posting Competitive Procurements; Bid Receipt; Evaluation Criteria; Evaluation Process Disclosure; Evaluation Team; Evaluation Matrix; Winning Bid; Non-Discrimination; Executing the Contract; Establishing the Contract; Termination Clauses; Term of Agreement Modifications; Contract Award Notification; Supplier Debriefing; Non-Competitive Procurement; Contract Management; Procurement Records Retention; Conflict of Interest; and Bid Dispute Resolution.
5. Obtain written confirmation from the Chief Executive Officer that the organization has conducted its procurements following approved policies which comply with the 25 requirements of the Broader Public Sector Procurement Directive.

Reimbursable Expenses

6. Obtain a copy of the organization's policy and/or rules for travel, meal and hospitality expenses and confirm it is in compliance with the mandatory requirements set out in the Broader Public Sector Expenses Directive 2020.

Obtain a report from the Chief Executive Officer summarizing all hospitality events paid for by the organization showing the approvals provided prior to the events and the costs. Maintain records of travel, meal and hospitality expenses approved by the Board.

7. Obtain written confirmation from the Chief Executive Officer that the organization has managed its travel, meal and hospitality expenses following approved policies, which comply with the requirements of the Broader Public Sector Expenses Directive 2020.
8. View the organization's public website and locate the policy and/or rules on the expenses posted by the organization.

Perquisites

9. Obtain a copy of the organization's policy and/or rules for perquisites and confirm that it is in compliance with the requirements set out in the Broader Public Sector Perquisites Directive, with the date the policy and/or rules were approved by the Board.
10. Obtain written confirmation from the Chief Executive Officer that the organization has managed perquisites by following approved policies/rules, which comply with the Broader Public Sector Perquisites Directive.
11. View the organization's public website and locate the policy and/or rules on perquisites as well as the list of perquisites received by staff and appointees. The organization should publish these annually; personal information should not be provided. If the organization does not offer perquisites to its employees, it must post a statement to the effect that the organization does not give perquisites to its staff and appointees.

Business Documents

12. View the public website of the organization and locate the business plan, which should be posted within six months of the beginning of the organization's fiscal year; this information is about the future. For example, if the organization's fiscal year begins on April 1, it should post this information **by October 1 of each year**.
13. View the public website of the organization and locate additional business or financial documents each year within six months of the end of the organization's fiscal year; this information is about the previous fiscal year. For example, if the organization's fiscal year ends on March 31, it should already have posted these documents, as they were to be posted **by the end of September**.

Your organization may already include the required information in documents with different titles; for example, business plans, strategic plans, accountability agreements. In these cases, it is not necessary to rename or create new documents, as long as the information required is available to the public (i.e., posted on the organization's website).
